2 Proposition: Capital Reserve Reauthorization

- The **2004 Capital Reserve** can no longer be funded as it has exceeded its 10-year authorization.
 - It allowed the District to fund projects like the Promise Project and windows replacements without raising taxes
- The **new reserve** will be identical to the 2004 Capital Reserve
 - It can be funded for up to 10 years to a maximum of \$10 million and will start with remaining money in the 2004 Capital Reserve.
 - A separate vote is needed to use any of the money in it.
 - It can only be used for facility improvements and repairs.
 - As with the Promise Project, a Capital Reserve will allow us to pay for future projects without impacting the tax levy.
 - Identified projects: Roofs at IHS, HVAC replacement across the District
