RE: ESY continuing as remote learning
DATE: June 15, 2020

Dear Parents & Guardians,

- We are reaching out to provide you with some important updates regarding the *Extended School Year (ESY)* program planned for your child this summer.
- After much research and discussion, as we worked through additional guidance and instruction from the *New York State Department of Health* as it relates to the delivery of ESY, along with required safety protocols for our students to return, we have made the difficult decision to continue with a remote program.
- The health and safety of our students and staff were the most important factors in making this decision.
- We understand that this may not be what you had been hoping for and share in your disappointment.

The Dates of the ESY program will remain the same as previously planned, **Monday July 6-Friday August 14.**
